The world is dull,
Ever since you've been gone.
Well I've travelled the world,
Only to track you down.

I had to stop, falling in love,
Cos all that I got, was never enough.
And I found, baby, when push comes to shove,
Pain never hurt me like love, did.
Pain never hurt me like love.

Ooh pretty woman,
I wanna hold me in my arms.
Had to give you to someone,
Someone who could call you home.

I have to stop, falling in love,

Cos all that I got, was never enough.
And I found, baby, when push comes to shove,
Pain never hurt me like love, did.
Pain never hurt me like love.

Oooh oooh oooh oooh x2

I have to stop, falling in love,
Cos all that I got, was never enough.
And I found, baby, when push comes to shove,
Pain never hurt me like love, did.
Pain never hurt me like love, did.
Pain never hurt me like love, did.
Pain never hurt me like love.
