I'm a street sweeper
Scene stealer
Double-barrelled key keeper
Living my life on the fly
I'm a code breaker
Faith shaker
Armor-plated earthquaker
Not gonna stop till I die

The time has come
To raze the place to the ground
The time has come
And now the hammer will pound
It's time to run
When the fists start to fly
The time has come
When you're hit you know you can't deny...

Blood Happens

Blood Happens

I'm a grave robber
Shell lobster
Crimson-shaded heart stopper
Wearing the crest of a knave
I'm a night stalker
Street walker
Dirty-dealing back talker
Won't ever see me again

The time has come
To raze the place to the ground
The time has come
And now the hammer will pound
It's time to run
When the fists start to fly
The time has come
When you're hit you know you can't deny...

Blood Happens

Blood Happens

The time has come
To raze the place to the ground
The time has come
And now the hammer will pound
It's time to run
When the fists start to fly
The time has come
When you're hit you know you can't deny...

Blood Happens

Blood Happens

Crumple to the floor like a ton of bricks
Never saw it coming cause it happened so quick
Reputation done
Damage has been done
Taught you a lesson
Not to piss off the wrong one
