How can I feel this way?
When I know its right
To chase your demons away
And it's so hard but it its right
Inside to feel the fire
To keep you far away

[CHORUS:]

Why do I need?
To make it be
Can you help me kill the sounds inside my head?
Why do I burst?
For all that's worst
Can you help me kill the sounds inside my head?

Now that I call you friend
Feelings return and I
Long see you again
And it's so hard but its right
Inside to feel the fight
I want you back again

[CHORUS:]

Why do I need?
To make it be
Can you help me kill the sounds inside my head?
Why do I burst?
For all that's worst
Can you help me kill the sounds inside my head?

Make my way
Flush my soul
Lost inside in deep dark hole
Sink my ship
Drown my pain
Like a phoenix, I will rise again

[CHORUS x2:]

Why do I need?
To make it be
Can you help me kill the sounds inside my head?
Why do I burst?

For all thatâ€™s worst
Can you help me kill the sounds inside my head?
Can you help me kill the sounds inside my head?
