I can climb the highest peak
I can stop the war
I can force the dumb to speak
I can lock the door
I can locate treasures lost
I can see the blind
I can buy, no mind the cost
I can read your mind

It's so hard to let go of the past
Forever on my mind
I never dreamed things could change so fast
What do I have left?

I won't be your Martyr anymore
No longer victimized by your scorn
Nevermore the passive one in this War
Cause I won't be your Martyr anymore

I can walk the needles eye
I can pay the price
I can live after I die
I can roll the dice
I can fly where eagles nest
I can stand or fall
I can pass the hardest test
I can beat them all

It's so hard to let go of the past
Forever on my mind

I never dreamed things could change so fast
What do I have left?

I won't be your Martyr anymore
No longer victimized by your scorn
Nevermore the passive one in this War
Cause I won't be your Martyr anymore

I can hear the silent scream
I can pull the switch
I can orchestrate a dream

I can burn the witch
I can choose not to decide
I can ride the sky
I can ebb and flow the tide
I can wonder why

It's so hard to let go of the past
Forever on my mind
I never dreamed things could change so fast
What do I have left?

I won't be your Martyr anymore
No longer victimized by your scorn
Nevermore the passive one in this War
Cause I won't be your Martyr anymore
