*[Intro: Random people talking]*

I don't know what to do anymore  
After I quit with medicine I became psychotic  
I suffer from depression  
Complete depression  
Had it my whole life  
I have had it so bad that uh...  
I had anxiety  
Been diagnosed with major depression  
Lots of phobias, lots of fears  
Anxiety, panic attacks  
Manic depression before, I didn't think that  
Depression could be so bad

*[Verse 1:]*

Sometimes it feels like the world's on my shoulders  
Everything around me closing in, it's starts to grow colder  
It's like I'm sitting on death row and waitin' for conclusion  
Shits real fucked up, my brains filled with much confusion  
Do you know what it is to sit a 3am  
With a gun pressed to your temple on your knees prayin'  
Or in the bathroom, on the floor, a handfull of pills  
Cause the fuckin' rent's due and you can't pay bills  
Have you ever felt the cold grip of death in your heart  
I'm talkin' rips right in your cavity and pulls it apart  
Ten motherfuckin' seconds just from ending this shit  
Flames rising from the ashes that your about to commit  
Have you ever stopped your car somewhere far from everythin'  
Sat a half an hour, just thinkin' of a better way  
To put your soul to rest and set your mind at ease  
Put the barrel in my mouth, I wanna sleep for all eternity

*[Chorus:]*

Dear cold cruel world why am I here?  
I never asked to be alive  
Everyday it's just a struggle even to survive

Dear please juse wipe away the tears  
I'll be better off when I'm gone  
In my own private Hell and left all alone

*[Verse 2:]*

Somany reasons just to leave this fuckin' planet  
Pressure gets to me so much, god damn, I just can't  
stand it  
People hatin', credit problems, bitch be fuckin' my  
friends

A million reasons, circumstances for your soul to  
transend  
Nobody like me, I'm a loser, parents wish I was dead  
I'm overweight, can't get a date, I'll turn my walls to red  
Unlock the door, turn up the music, flip the T.V. screen  
I'll leave a bloody fuckin' mess off for my moms to  
clean  
It's's to the point that I can't stand it, I can't even try to  
cope  
And you don't know me, you can't help me, you can't  
offer me no hope  
It's too late to try and stop it, I have lost the fuckin' war  
I ain't gonna write no fuckin' letter, leave my answers  
on the floor  
I'm a do it I swear, don't even think I'm lyin'  
Nobody gone remember me, nobody gone be cryin'  
All alone in my death like I was in life  
Let me take my final breath, they can bury me tonight

*[Chorus:]*

Dear cold cruel world why am I here?  
I never asked to be alive  
Everyday it's just a struggle even to survive  
Dear please juse wipe away the tears  
I'll be better off when I'm gone  
In my own private Hell and left all alone

*[Bridge:]*

You won't miss me when I'm gone  
(Flames risin', flames risin')  
I know you did me so wrong  
(Flames risin')

*[Chorus/Outro:]*

Dear cold cruel world why am I here?  
Flames risin', flames risin'  
Dear please juse wipe away the tears  
Flames risin', flames risin'  
Dear cold cruel world why am I here?  
(just wipe away, just wipe away)

Flames risin', flames risin'  
Dear please juse wipe away the tears  
(just wipe away, just wipe away)  
Flames risin', flames risin'  
Dear cold cruel world why am I here?  
Flames risin', flames risin'  
Dear please juse wipe away the tears  
Flames risin', flames risin'
