I

Life it seems, slips away,
Just like any dream.

All I want, Is all I need,
Still I ask for more.

Refrain:

Say, say, Why is it so?
Wait, wait, Don't let me know.

Chorus:

Everytime I see you,
My life, turns upside down.
Everytime I see you, I know.

II

Love it seems, slips away,
Just like any dream.
I failed to see, this memory,
Means so much to me.

(Repeat Refrain)

Chorus II:

Everytime I see you,
My life, turns upside down.
I tried so hard to find out,

How to, make you come back.

But even if I told you,
I can't, hold you again.

Everytime I see you, I know.

AD LIB:

(Repeat Chorus II 2x)

Coda:

(Everytime I see you, I know) ...Every little single time...

(Everytime I see you, I know) ...Every single time...

(Everytime I see you, I know) ...Every, every, every,
time...

(Everytime I see you, I know) ...I know, I know...

(Everytime I see you, I know) ...When I see you babe...

(Everytime I see you, I know) ...Every every single
time...
