Heaven is closer now today

Sound leaves in my ears

I cant believe the things you said

They echo what i feel

Twisting the moans until they snug

I scream but no one knows

To see unfamiliar gold to touch

And then you turn and go

Feels like heaven

Feels like heaven

See how we done for second lives

A tears took play from way

I fold the favor as i knew

An irritance to pray

Study a face and fake a frame

To those who comfort now

We could recall a humble needs

That lingered questions how

Feels like heaven

Feels like heaven

You want it all

I had to give

See me i feel

See me i live

Oooh

Feels like heaven (heaven is closer)

(Repeat till fade)

\*cha\*
