[Verse 1]

You know we've got a little secret
We hold each other close and keep it
All to ourselves
Your love is my protection
You take my breath away
I long for your affection everyday

You know we've got a little secret
We hold each other close and keep it
All to ourselves
Your love is my protection
You take my breath away
I long for your affection everyday

[Chorus]

I feel you
See you
Time and time again
Within my heart
I knew it from the start

I feel you
See you
Time and time again
Within my heart
We're never gonna part

[Verse 2]

You know that we should be together
I fell you're in my sould I'll never
Ever let you go
Your love is the solution
You take the blues away
You are the one conclusion
Everyday

I feel you
See you
Time and time again
Within my heart

I knew it from the start

I feel you

See you

Time and time again

Within my heart

We're never gonna part

Time and time again within my heart

Time and time again within my heart
