(all i want) x2
I made you a promise
I try to do my best
And that's all that's on my mind
I'm talkin' bout true love

I was serious all along
Been trying hard to get
Close to you for so long
So baby make your request

Chorus:
All I want from you is your desire
I know that your heart will burn like fire
x2

With you on my side
How good that would be
All the joy that we could have
And you could make it real

Don't have to say you love me
Just wanna be close to you
Come to me so you can see
How real love can be

Chorus:
All I want from you is your desire
I kno that your heart will burn like fire
All I want from you is your desire
I kno that your heart will burn like fire

All I want...

All I want from you is your desire
I kno that your heart will burn like fire

All I want from you is your desire
I kno that your heart will burn like fire

All I want....

All I want.
