Everytime you need me
You know I'll be there
You know I really care
Say you will
Say you dare
When that feeling comes around
Let's sparkle and let it shine
Let it lift you off the ground
Make it less, baby make it mine
You are the sunlight rises
You are the moon that lights the night
You are the paralysis babe
Everytime you need me
You know I will be there
You know I really care
Say you will
Say you dare
Everytime you need me
You know I will be there
Allow me uncompered
Say you will
Say you care
Write my name into the sky
And keep the memories in your heart
Let the hours pass us by
I guess that this is a way to start
You are for love's surprises
You are a fire burning bright
You are what mesmerises me
Everytime you need me
You know I will be there
You know I really care
Say you will
Say you dare
Everytime you need me
You know I will be there
Allow me uncompered
Say you will
Say you care
Say you dare...
Say you dare...

Say you dare.....
No no, no no
Everytime you need me
You know I will be there
You know I really care
Say you will
Say you dare
Everytime you need me
You know I will be there
Allow me uncompered
Say you will
Say you care
