### "Forever And A Day"

The lonely days are over  
Forget all your pain  
I'm gonna give you cover  
Shelter from the pouring rain

In your darkest hours  
I'll be there for you  
Everything is ours  
I'll make your dreams come true

Believe what you see  
And be who you are  
And stay close to me

Forever, ever, ever and a minute  
Forever, ever, ever and a day  
We'll never, never, never reach the limit  
Forever, ever, ever, forever and a day  
Forever and a day, forever and a day  
Forever and a day

When you're gone and worry  
When your mind's a mess  
Open your heart to hear me  
'Cause you deserve no less

Say goodbye to sadness  
Here's the way for you  
Trust your way in madness  
And I will help you too

Believe what you see  
And be who you are  
And stay close to me

Forever, ever, ever and a minute  
Forever, ever, ever and a day  
We'll never, never, never reach the limit  
Forever, ever, ever, forever and a day  
Forever and a day, forever and a day

Forever and a day
