Through the years
We melted into something noone understands
And the tears
Were running through our hands
For our love
Has twisted and will never be the same
Seems like love's
Impossible to tame
Maybe it's you I will remember
Maybe it's you I'll soon forget
Maybe it's you who takes the shadows from my heart
Maybe to you I will surrender
Maybe it's you I will regret
Maybe it's you who changed my life from the start
All my life
I longed for someone who feels the same
You know that I've
Been the one to blame
For too long
We tried to make it each and every day
Something's wrong
But I can't turn away
Maybe it's you I will remember
Maybe it's you I'll soon forget
Maybe it's you who takes the shadows from my heart
Maybe to you I will surrender
Maybe it's you I will regret
Maybe it's you who changed my life from the start
