We keep tumbling, we keep tumbling down
Your father's under water
And he's begging you to let him all drown
Your daughter, you forgot her
And now she's running around
We keep tumbling, we keep tumbling down

In your eyes, I go blind
It's been hollowed out inside
No-one tries to find or follow what's in your mind
It's in your mind

We keep tumbling, we keep tumbling down
:it's in your mind:
(Repeat)

You know, you say, you won't
Don't worry dear, no, there's nothing to fear
In time, in time, we all say goodbye (bye)
And I'll never take anything
Granted, when something comes
When something comes my way
Cause we keep tumbling, we keep tumbling down

In your eyes, I go blind
It's been hollowed out inside
No-one tries to find or follow what's in your mind
It's in your mind

We keep tumbling, we keep tumbling down
:it's in your mind:
(Repeat)

And I can't if you won't say it, say it now
We keep tumbling, we keep tumbling down
Don't take it down, don't say it now
(Repeat)

I can't if you won't say it, say it now
We keep tumbling, we keep tumbling down
