In 1954, the German team really won it all  
Then in 1974, our team played like a champion once  
more  
And in Rome in 1990  
We won our third great victory

We play in Black and White  
WeÂ're always on your side  
We will win this cup with you  
We will win this cup with you  
Germany

European Championship, weÂ've won quite a few  
And one mor thing is true  
Without the fans nobody will ever get through  
So we all stand up and sing  
For our team so it will win

We play in Black and White  
WeÂ're always on your side  
We will win this cup with you  
We will win this cup with you  
Germany
