Star, star teach me how to shine, shine
Teach me so I know what's going on in your mind
'Cause I don't understand these people

Who sayin' the hill's too steep
Well, they'll talk and talk forever
But they'll just never climb, oh

Falling down into the situations
Bringing out the best in you
You're flat on your back again

And star, you're ever word I'm heeding
Can you help me to see
'Cause I'm lost in the marsh

Star, star teach me how to shine, shine
Teach me so I know what's going on in your mind

'Cause I don't understand these people

Who sayin' we're all asleep
Well, they'll toss and turn forever
But no rest will they find
Star, star

Come with me and we'll be
In a world of your imagination

Star, star teach me how to shine, shine
Teach me so I know what's going on in your mind, yeah
Star, star teach me how to shine, shine
Teach me so I know what's going on in your mind, yeah

Star, star teach me how to shine, shine
Teach me so I know what's going on in your mind, yeah
Oh, star, star teach me how to shine, shine
Teach me so I know what's going on in your mind, yeah
