Feels like the walls are closing in on me
I'm suffocating, I can barely breathe
You've got me right where you want me
This is the side of you I've never seen
You're not the girl that you used to be
You've got me right where you want me

You always know how to break me down
Let's just face it now, never changing
You are my world, my everything
You stupid girl, you'll be the death of me
So let me go, just let me be
You stupid girl, love the way you're killing me
(Killing me)
You stupid girl

You're like an angel but with broken wings
A heart so cold can never show mercy
And you've got me right where you want me
You are my world, my everything
You stupid girl, you'll be the death of me
So let me go, just let me be
You stupid girl, love the way your killing
(Killing me)
You stupid girl
(Killing me)
You stupid girl

I know I'm bastard
I'm not a coward
Why can't you see what you're doing to me?
I'm falling faster
More every hour
Why can't you see what you're doing to me?
Open your eyes, open your eyes
This is killing me

You are my world, my everything
You stupid girl, you will be the death of me
So let me go, just let me be
You stupid girl, love the way you're killing me

(Killing me)
You stupid girl
(Killing me)
You stupid girl
