Waking up without you  
It doesn't feel right  
To sleep with only memories  
It's harder every night  
And sometimes I think I can feel you breathing on my  
neck

Tonight I'm reaching out to the stars  
I think that he owes me a favor  
It doesn't matter where you are  
I'll hold you again

I wish I could hear your voice  
Don't leave me alone in this bed  
I wish I could touch you once more  
Don't leave me alone in this bed  
Not tonight, not tomorrow

I've got the feeling that this will never seize  
Living in these pictures  
It never comes with ease  
I swear if I could make this right  
You'd be back by now

Tonight I'm screaming out to the stars  
He knows he owes me a favor  
It doesn't matter where you are  
You'll be mine again

I wish I could hear your voice  
Don't leave me alone in this bed  
I wish I could touch you once more  
Don't leave me alone in this bed

Thought about the friends that we had  
We'd be crazy not to go  
Leave me in case and I'll

I wish I could hear your voice  
And don't leave me alone in this bed  
I wish I could touch you once more  
And don't leave me alone in this bed

Don't leave me alone  
Don't leave me alone  
Don't leave me alone in this bed

Don't leave me alone  
Don't leave me alone  
Don't leave me alone in this bed
