Waking up without you, it doesn't feel right  
To sleep with only memories is harder every night  
And sometimes I think I can feel you  
Breathing on my neck

Tonight, I'm reaching out to the stars  
I think that he owes me a favor  
It doesn't matter where you are  
I'll hold you again

I wish, I could hear your voice  
Don't leave me alone in this bed  
I wish, I could touch you once more  
Don't leave me alone in this bed  
Not tonight, not tomorrow

I've got the feeling that this will never cease  
Living in these pictures, it never comes with ease  
I swear, if I could make this right  
You'd be back by now

Tonight, I'm screaming out to the stars  
He knows he owes me a favor  
It doesn't matter where you are  
You'll be mine again

I wish, I could hear your voice  
Don't leave me alone in this bed  
I wish, I could touch you once more  
Don't leave me alone in this bed

What about the plans that we had?  
We'd be crazy not to go  
Meet me in capeside

I wish, I could hear your voice  
Don't leave me alone in this bed  
I wish, I could touch you once more  
Don't leave me alone in this bed

Don't leave me alone, don't leave me alone  
Don't leave me alone in this bed

Don't leave me alone, don't leave me alone  
Don't leave me alone in this bed.
