There was a love, I knew before
She broke my heart, left me unsure
Juliet
Don't forget
The promise you made
I need never be afraid
Things you do, reminiscent of you
Juliet
When we met
You gave me a sweet memory
Things you do, reminiscent of you

There was a love, I knew before
She broke my heart, left me unsure
Juliet
Don't you, no don't you let
Our love go astray in this way
Julie, Julie
Julie, Julie, oh my juliet
Julie, Julie, oh my juliet
