Even when everyone lets you down  
I want you to know I'll be around  
I'll be the one that you can lean on (lean on me)  
And if you ever need to cry  
Bring me your tears, and I'll  
Wipe them away, make it a brighter day

And when this road seems long  
Everything is going wrong  
You gotta know that I am here  
And you'll never have to wonder if I care, because

You mean the world to me  
And I'm gonna make you see  
You, you are everything that's good for me  
When I think of all I have and I've been given, baby  
I'd give it all up for you  
If you would let me love you  
You mean the world to me

And when all your dreams come true  
I wanna be the first to hear the news straight from you,  
yes I do  
'Cause when I see you smile it makes my life  
worthwhile  
Gives me what I need to live each day

And when I go to sleep at night  
Praying everything's all right with you  
You gotta know that I am here  
And you'll never have to wonder if I care, because

You mean the world to me  
And I'm gonna make you see  
You, you are everything that's good for me  
When I think of all I have and I've been given, baby  
I'd give it all up for you  
If you would let me love you  
You mean the world to me
