I should have known that you were gone back in  
Germany  
You told me in the dark while I was sleeping  
Then you slept through the sunrise  
As it washed across your face  
And all that I had heard were our hearts beating

(Chorus)

Talk to me while I'm listening  
While this love has a voice that we both  
Can hear  
Before you let it go...  
The greatest love I've ever known  
Won't you please  
Talk to me  
While I'm listening

I cannot find a place to put this love away  
Or lose the thought of sunlight on your face  
I thought I heard your voice  
Say I love you today  
But it was only the sound of my heart breaking

(Repeat chorus)

How I wish that I could take us back to Germany  
I would stay awake and you would talk to me  
Yet for every drop of rain I hear  
There's bound to fall another tear  
Upon this page of song of my heart aching

(Repeat chorus)

(Tag)

Before you let it go...  
This greatest love I've ever known  
Won't you please  
Talk to me  
While I'm listening  
Talk to me  
Talk to me
