I'm just a little bit afraid of where I'm going  
And it feels like a hurricane is blowing over  
Though I can't find the ground below  
I've lived enough to know  
I've lived enough to know

(Chorus)  
You're my constant in every moment  
Constant  
You've never failed me  
All my life  
You have never left my side  
You are my constant

Okay I really don't like change but I can't stop it  
I'm moving forward anyway with the promise  
You are my anchor for my soul  
That's all I need to know  
That's all I need to know

(Chorus)  
You're my constant in every moment

Constant  
You've never failed me  
All my life  
You have never left my side  
You are my constant

Before I was a thought on earth  
You knew me then and You gave me worth  
When all of this is said and done  
You will be the One I'm standing on

(Chorus)  
You're my constant in every moment  
Constant  
You've never failed me  
All my life  
You have never left my side  
You are my constant
