Give me wings let me fly I don't know where to, but I'm willing to try.

Help me weather the wind as I wait on you, be the who in my why.

~«Cause I am lost without you but I find my hope within you.

I've got no way to doubt you, you're the love that I long for.

You're all that I desire, you're all I love and all I cling to.  
You're everything inside, the reason why, I've got to sing to.

The apple of my eye, the love of my life.

You're the sun that breaks the sky, and the reason that I cry.

Hallelujah to the Lord of all the earth.

Hallelujah to the Lord of all the earth.

You're my shelter and maker, my hiding place from the cares that consume.

Since eternity started you knew my name, now I long to know you.

Cause I am lost without you but I find my hope within you.

I've got no way to doubt you, you're the love that I long for.

You're all that I desire, you're all I love and all I cling to.  
You're everything inside, the reason why, I've got to sing to.

The apple of my eye, the love of my life.

You're the sun that breaks the sky, and the reason that I cry.

Hallelujah to the Lord of all the earth.

Hallelujah to the Lord of all the earth.

Hallelujah to the Lord of all the earth.  
Hallelujah to the Lord of all the earth.
