Here I am today,
Another broken heart in disarray.
But I stand before you now,
And I hope your eyes will see through me somehow.

There must be a purpose in this for me,
'Cause your plan goes far beyond what I can see.
And even when the world is crashing down around me,
You say to me,

That I'm here,
When your world is spinning backwards I'm still here.
And I'm here,
When you can't see past yourself, redemption's near.
I'm always here.

Falling to my knees,
To the only place where I find true release.
Won't you take me as I am?
'Cause I can't take another day far from your hand.

There must be a purpose in this for me,
'Cause your plan goes far beyond what I can see.
And even when the world is crashing down around me,
You say to me,

That I'm here,
When your world is spinning backwards I'm still here.
And I'm here,
When you can't see past yourself, redemption's near.
I'm always here.

So don't look down when things look dim.
I always end what I begin.

That I'm here,
When your world is spinning backwards I'm still here.
And I'm here,
When you can't see past yourself, redemption's near.
I'm always here.
