I wanna be the one who knows everything about you
I wanna be the one who's always on your mind
I wanna be the one to get all your affection, attention
You're the one I've been waiting for, all this time
And I can't imagine anything, anything better than

CHORUS

Someday falling in love with you
Holding your hand, making our plans
All come true
Someday under a sky so blue
I'll give you my heart
Our story will start
Someday soon

I wanna be the one who does everything with you
Watching stars, washing cars, taking walks, going to
the store
I wanna be the one who gets to change her last name
someday
that sounds something more like yours

And I can't imagine anything, anything better than

CHORUS

Someday falling in love with you
Holding your hand, making our plans
All come true
Someday under a sky so blue
I'll give you my heart
Our story will start
Someday soon
Someday soon

Yeah I'll be telling you I love you
On a picture perfect day
And those words inside my head
They sound like angels singing praise
It's what I was made to say

CHORUS

Someday falling in love with you

Holding your hand, making our plans
All come true
Someday under a sky so blue
I'll give you my heart
Our story will start
Someday soon
Someday soon
