I know it's been a while
Since we have spoken
I blame it all on me
I haven't made time for you

But never the less you never change your mind
And you're willing to me so undignified
Ohh

Undignified is all that I can be
With you undignified, I'm ready to be moved
Undignified. The best I have to offer you
Is what I'm embarrassed of
I'm undignified in love
Ohh, Yeah Ohh.

I laid down all my dreams
And all my hopes before you
Won't you take all of me
Change anything you want too

I fix my eyes on you and I'm undone
And though I don't deserve it you stay calm, ohh

Undignified is all that I can be
With you undignified, I'm ready to be moved
Undignified. The best I have to offer you
Is what I'm embarrassed of
I'm undignified in love
Ohh, Yeah Ohh. Yeah Yeah Yeah.
Ohhhhhhhh
