And I'll believe in you, but I couldn't bare to lose, my
lifeline, this little world of mine

And I'll stay away through the night because I know the
truth is hard to find, and I'll keep my eyes in the
daytime, to find myself a place to hide

And I'll pretend that I mean nothing to you girl, coz I
know that you love me more than anything in the world

Sing me a song, and I'll sing it back to you, we're
glowing in the dark, these words are the youth from the
heart,

And I feel the same, and I had to try to hard to refrain,
from finding myself holes and digging myself in.

And how could you say that I mean nothing to you girl,
coz I know that you love me more than anything in the
world

Sing me a song, and I'll sing it back to you, we're
glowing in the dark, these words are the youth from the
heart,

I feel the same coz I had never felt this way you're
glowing in the dark, these words are the youth from my
heart

Sing me a song, and I'll sing it back to you, we're
glowing in the dark, these words are the youth from my
heart,

I feel the same coz I had never felt this way you're
glowing in the dark, these words are the youth from my
heart
