Have you ever felt that you're unclear?
This is the new year, lets start again from here
And I'll follow the prints left by your feet
How can I learn to love, what I can't see?

And you, see the worst in me,
And I will grind my teeth and say,
"I will not give up"
Now, I'm cold
I can feel it in my skin
There is nothing here,
There is no-one here, but me

And to can't believe our lives,
This is the fault, it's not your time
I just can't bring myself, to hide,
Your lies, tonight
This is a crazy world we live in
And it feels unkind,
This is our only way to get you through the night
We are the same, as we have always been

Yeah, I don't feel a thing
Because I'm held up by the strings
That pull us in the mess I made
And I'm cold,
I can feel it in my skin
There is nothing here,
There is no one here, but me

I feel brand new
I see right through you

I feel brand new
I see right through, through you (x2)

I feel brand new
I see right through you

Yeah, I don't feel a thing
Because I'm held up by the strings

That pull us in the mess I made
And I'm cold,
I can feel it in my skin
There is nothing here,
There is no one here, but me

And I can feel it in my,
I can feel it in my,
I can feel it in my skin

And I feel brand new (x2)
