Verse 1:

She said I don't believe in god  
But if that's true, then where did she come from?  
Before you came I was alone but I could get along.  
And now I'm lost.

Until I found this love in you  
Until I found this love in you

Chorus :

So before I break your heart, break mine  
So before I break your heart, break mine  
There is so much left for me to define  
And I've lost my will to change in time  
So before I break your heart, break mine

Verse 2 :

She said I don't believe in us because I've never  
believed in love.

Well are you alone in all your thoughts  
And do this around the both of us  
Cause I need to know exactly where I'll be.

Chorus :

So before I break your heart, break mine  
So before I break your heart, break mine  
There's much left for me to define  
And I've lost my will to change in time  
So before I break your heart, break mine  
Until I found this love in you  
Until I found this love in you  
Well are you alone in all your thoughts  
And do this around the both of us  
Cause I need to know exactly where I'll be.

Chorus

So before I break your heart, break mine  
So before I break your heart, break mine  
There's much left for me to define  
And I've lost my will to change in time  
So before I break your heart, break mine

Until I found this love in you

Until I found this love in you
