Have you ever felt that you're unclear?  
This is the new year, lets start again from here  
And I'll follow the prints left by your feet  
How can I learn to love, what I can't see?

And you, see the worst in me,  
And I will grind my teeth and say,  
"I will not give up"  
Now, I'm cold  
I can feel it in my skin  
There is nothing here,  
There is no-one here, but me

And to can't believe our lives,  
This is the fault, it's not your time  
I just can't bring myself, to hide,  
Your lies, tonight  
This is a crazy world we live in  
And it feels unkind,  
This is our only way to get you through the night  
We are the same, as we have always been

Yeah, I don't feel a thing  
Because I'm held up by the strings  
That pull us in the mess I made  
And I'm cold,  
I can feel it in my skin  
There is nothing here,  
There is no one here, but me

I feel brand new  
I see right through you

I feel brand new  
I see right through, through you (x2)

I feel brand new  
I see right through you

Yeah, I don't feel a thing  
Because I'm held up by the strings  
That pull us in the mess I made

And I'm cold,  
I can feel it in my skin  
There is nothing here,  
There is no one here, but me

And I can feel it in my,  
I can feel it in my,  
I can feel it in my skin

And I feel brand new (x2)
