"Wait For Summer"

Visit "[Wait For Summer](#)" on MotoLyrics.com

One by one they melt away
From the sun they turn to rain, running in the streets
I've been saving up my dreams
I've been saving good feelings
Until the sun comes calling out to me
And if I could I'd take you there
But until then...

I've been counting the days
I've been contemplating ways
To occupy my time
Thumb through pictures that you took
It does me good to take a look
And make me wish that we were there again

And if I could I'd take you there
But until then...

(chorus)
You won't find me
That's cause I'll be gone
Cause I can't wait for summer
Tell everyone
I'm chasing the sun
Cause I can't wait for summer

And if I could, I'd take you there

(chorus)
