

## Absurd "Beyond The Dawn"

At the dawn of eternity  
Through the haze & obstacles  
There lays my long journey  
Not experienced before

I'm in dark  
Light of distant star  
Callin' me on  
The black skies  
Cold Galaxy  
Shows me the way

Past unwillingly releases  
Heart is filled with sorrow  
So my mind awake from the sleep  
Suffering soul escaped from net

Heal my wounds  
Heart-breaking scream  
In the shadow of pain  
Sombre thoughts  
No more regrets  
Just a silent reproach

I walk alone  
Towards the calm  
And eternal rest  
Followin' in the tracks of starfall  
There beyond dawn  
I shall sink into oblivion

The philosophy of life and death  
Hope will never leave me  
Intuitive recovery of sight  
Reveal the delusion

I'm waiting for  
Moments of truth  
In objective reality  
When the shroud  
Will fallin' down  
And uncover the lies

Look into ocean of my eyes  
Fire will burn you  
The reflection of former years  
Remains trail at my face

At the mercy  
Of fate again  
Temptin' Providence  
Wrath will die  
Deeply inside  
Even be not bornurs will be here..
