And wishes, true two snatch away his christmas  
No hustle, no game, damn shit do change  
For instance, let this nigga paint the page  
Three men fall, three suffer from withdrawal  
Three hit the top, get stuck, but can't move no more  
Three rise like your eye of da storm  
Cruise above and beyond, brother grab your buns  
No fun because it's on

All you motherfuckers claimin that it's strictly biz-ness  
On your behalf, I'll shape your mass  
Single deuce-deuce you call boots there'll be no  
tails/tales  
Just beginning, to leave all thy foes trembling  
Remem-bring, that ain't a damn giving  
To this clik, so, fucks best get off it  
Wasting airtime with rhymes about garments  
You dead, there'll be no war be nuff said  
Jet, baby bro you gwan have to break a leg  
You can't see, weak-ass close as you stand  
That's the type of shit that make you niggaz say,  
"damn!"  
Think, with your 3-d, ready to broke in species?  
I feed you fools your own feces  
The battle, originoo gunn clap two hack fools  
My motherfuckin crew will not have you  
I drop lines to entice minds  
But then recite mines when given the right time  
I put the mood in your groove, you be like  
'ooh he's smooth I like that dude,' correction --  
No disrespectin the God that's why your heads bob  
In the dick lick motion, I move these here waves  
Way back into the ocean, huss bust it off like that

To the originoo gunn two clap

Chorus

[louieville]

Who wanna dose of this, you'll be our guests left  
motionless

Para', I see you shakin in your shadow  
You caught up, from our come up, lookin dumb-faceted  
Goin for the gold, cause here, it ain't just playin

Chorus (substitute "so motherfuckers run for cover" for
