Yo, yo

Let me take u back to that day we first kissed
That was the first time I touched ur virgin lips
They are so sweet so rich like a hershees kiss
And from then I never knew that u would hurt me bitch
U used to be so nice, pick u up friday night
U were lookin so right with them jeans so tight
We spent those nights together, tryana make a mess
But I never picked u that it would be this quick to end
And I never thought for a second that u was just a
friend
I thought u were the one baby yes I missed again
I hope ur havin fun, good times girl wherever u are
That bottle cause it's just too hard

What u say to me today
Wont need a thing tomorrow noo
But if u still love me girl
U know ama be there to follow noo
Because baby baby
I gotta get u back
I gotta, I gotta get u back
Because baby baby
I gotta get u back
I gotta I gotta get u back

There were good times bad times slow times
Fast how u never leave me u said that was last time
I can do those things to you that that guy can never do
Does he make u breakfest and can he relly pleasure u
Does he buy u diamond rings? things and finer things
I wrote a song for u even dough I can I tried to sing
I wish I told u I love u more than I did
But that was back in a day baby I was just a kid
How bout that one night when u thought I would get
with her
But I choose to? my homies?
Yo u might not even like me, might not like this track
Would u better watch out cause hear I come to get u
back

What u say to me today
Wont need a thing tomorrow noo
But if u still love me girl
U know ama be there to follow noo
Because baby baby
I gotta get u back
I gotta, I gotta get u back
Because baby baby
I gotta get u back
I gotta I gotta get u back

She's just my baby
She's just my baby
She's just my baby
She's just my baby
She's just my baby
She's just my baby
She's my baby

Yo that's it girl
U just my baby
