I keep on blaming my self  
I should have eaten my pride  
How can I convince you  
It's just a matter of time  
Many times I've hurt you  
With my foolish ways Oh girl  
Now I know I have to pay the price  
Is there a way for you to turn around,  
Turn around and come back baby  
Ohh baby can't you see

CHORUS:

It's been cold summer nights  
Since we drifted apart  
Cold summer nights  
Since you walked out that door  
Cold summer nights here on my own

'Coz I miss you baby, I need you here

RAP:

Cold summer nights girl, I really miss you  
You rocked my world  
I wanna touch you and kiss you  
It's my fault  
I never called you at home  
I'm on the phone, wishing you could call  
I'm all alone  
Is there a way for you to turn around and come back to  
me  
I hope you understand  
That I'm your man and together we can kiss  
And make up 'coz you know I can't stand  
(Repeat Chorus)
