Give me your loving, baby
Don't take your loving from me
Can't breathe without you in my life
I can't do this on my own
I can't live this life alone

I can't do this on my own

The other day you heard me say
If you were to fade away
I wouldn't feel a thing
But now my story changed
'Cause you're gone and I'm alone
'Cause baby girl, you're gone and I'm alone

Give me your loving, baby
Don't take your loving from me
Can't breathe without you in my life
I can't do this on my own
I can't live this life alone
I can't do this on my own

The other day
I saw you walk around the way
You looked at me
And then you turned the other way
Now I'm reminded of you babe, that I'm alone
'Cause baby, now you're gone and I'm alone

Give me your loving, baby
Don't take your loving from me
Can't breathe without you in my life
I can't do this on my own
I can't live this life alone
I can't do this on my own

Can't seem to live without my
My heart's been denied
No matter how hard I try
This pain won't subside
Thought I could live without you

But now I'm faced with the truth
I'm in denial
Baby girl, I'm in denial, so in denial

Give me your loving, baby
Don't take your loving from me
Can't breathe without you in my life
I can't do this on my own
I can't live this life alone
I can't do this on my own

Give me your loving, baby
Don't take your loving from me
Can't breathe without you in my life
I can't do this on my own
I can't live this life alone
I can't do this on my own
