It was like a dream I will talk about it all
The time we spend I just knew I had it all
You wanted what for me to give it all
You took from me well I got just lost at all

I tell u how I feel
It wouldn't mean a thing
Cause if I gotta do to u
I would see a change
It took a while to let it go
I'll just be alone
Deleting all the messages
U left me on the phone

Your actin like I'm makin this up
Like everybody don't know what's the deal
My boys try to tell me what's up
Cause see by the way u wasn't real
Why do u keep sayin everything will change
Guess ur right I got my numbers changed yesterday

Girl u know I tried I tried to do
Everything I could I could for u
U became a part a part of me
And sometimes it got to let go got to let go baby

I tell u how I feel
It wouldn't mean a thing
Cause if I gotta do to u
I would see a change
It took a while to let it go
I'll just be alone
Deleting all the messages
You left me on the phone

(X2)

You actin like I'm makin this up
Like everybody don't know what's the deal
My boys try to tell me what's up
Cause see by the way u wasn't real
Why do u keep sayin everything will change
Guess ur right I got my numbers changed yesterday

Baby u I need
To go our ways
Because
There aint no way
I see no change
Take care, farewell
Adios, good bye

(X2)
U actin like I'm makin this up
Like everybody don't know what's the deal
My boys try to tell me what's up
Cause see by the way u wasn't real
Why do u keep sayin everything will change
Guess ur right I got my numbers changed yesterday
