Yo, yo

Let me take u back to that day we first kissed  
That was the first time I touched ur virgin lips  
They are so sweet so rich like a hershees kiss  
And from then I never knew that u would hurt me bitch  
U used to be so nice, pick u up friday night  
U were lookin so right with them jeans so tight  
We spent those nights together, tryana make a mess  
But I never pickd u that it would be this quick to end  
And I never thought for a second that u was just a  
friend  
I thought u were the one baby yes I missed again  
I hope ur havin fun, good times girl wherever u are  
That bottle cause it's just too hard

What u say to me today  
Wont need a thing tomorrow noo  
But if u still love me girl  
U know ama be there to follow noo  
Because baby baby  
I gotta get u back  
I gotta, I gotta get u back  
Because baby baby  
I gotta get u back  
I gotta I gotta get u back

There were good times bad times slow times  
Fast how u never leave me u said that was last time  
I can do those things to you that that guy can never do  
Does he make u breakfast and can he relly pleasure u  
Does he buy u diamond rings? things and finer things  
I wrote a song for u even dough I can I tried to sing  
I wish I told u I love u more than I did  
But that was back in a day baby I was just a kid  
How bout that one night when u thought I would get  
with her  
But I choose to? my homies?  
Yo u might not even like me, might not like this track  
Would u better watch out cause hear I come to get u  
back

What u say to me today

Wont need a thing tomorrow noo  
But if u still love me girl  
U know ama be there to follow noo  
Because baby baby  
I gotta get u back  
I gotta, I gotta get u back  
Because baby baby  
I gotta get u back  
I gotta I gotta get u back

She's just my baby  
She's just my baby  
She's just my baby  
She's just my baby  
She's just my baby  
She's just my baby  
She's my baby

Yo that's it girl  
U just my baby
