And now im m m mubling

Baby i think i like you
So what you gonna do
Im coming with you if you want babe
Give it to me
The way i want it
Give it to me
The way i need it
Give it to me
The way you touch me got
What you got next to me

[Francisco]
Give it to me
The way i want it
Give it to me
The way i need it
Give it to me
The way you touch me got
What you got next to me

[Ebru]
I like it the way you move it
But you already cut my eye
I think I'm gonna lose it

Boy I'm burning up inside
I see it in your eyes and
The way you move your feet
You want me like i want you
Put it on me Good puppy

Baby i think i like you
So what you gonna do
Im coming with you if you want babe
Give it to me
The way i want it
Give it to me
The way i need it
Give it to me
The way you touch me got
What you got next to me

[Francisco]
Give it to me
The way i want it
Give it to me
The way i need it
Give it to me
The way you touch me got
What you got next to me
