Chorus:

how it's supposed to be
tell me how it's supposed to be
how, how it's supposed to be, supposed to be
tell me how, how it's supposed to be
how, how, how it's supposed to be
supposed to be,
tell me how, how, how it's supposed to be
jump, listen
girl you're looking real high that's a fact that everybody
knows
i'm sitting here wondering why the hell i ain't ..
i know that every pop you're givin me the eye
but when i try to call you up baby girl you act surprised
you keep the wind size at me now
but when i step you tornado
i got you girl you like playin around
you're like playin around playin around
don't you try to back down
i understand giving your background
you lost your faith but not now, not now, not now

Chorus:

how it's supposed to be
tell me how, how it's supposed to be
how, how it's supposed to be, supposed to be
tell me how, how, how it's supposed to be

wondering to myself what the hell we down
between you and i .i don't' know what happened to us
all i know is that things has suddenly changed
tell me how it's supposed to be
you keep the wind size at me now
but when i step you tornado
i got your girl you like play another

why don't you try take in a backdown
i understand giving your background
you lost your faith but not now, not now, not now
[Chorus:]
now let's go, go everybody on the floor
hey hey put your hands in the air, let's go go

go everybody on the floor
hey hey put your hands in the air,
