lately i have been a little distracted yeah
and i know you've been a little neglected yeah

and it seems to be the only thing you want from me
is for me to come home to you
and to tell you that your still my love, still my love

i know i havnt been the perfect man for you
and i pushed you away when you needed me to
i know baby yes i know i was wrong all along

and your still my love, my love, still my love
and your still my love, my love, still my love
everything changes from now and nothing will be the
same
i will be there for you cuz your still my love, my love,
still my love

yes i know that things dont need to be perfect yeah
yes i know all of this has left you restless

and it seems to be the only thing you want from me
is for me to come home to you
and to tell you that your still my love, still my love

i know i havnt been the perfect man for you
and i pushed you away when you needed me to

i know baby yes i know i was wrong all along

and your still my love, my love, still my love
and your still my love, my love, still my love
everything changes from now and nothing will be the
same
i will be there for you cuz your still my love, my love,
still my love

look me in the eye and tell me that i dont love you
(woah)
theres nothing that i, theres nothing that i wouldnt do
for you (my love)

and it seems to be the only thing you want from me
is for me to come home to you
and to tell you that your still my love, still my love

i know i havnt been the perfect man for you
and i pushed you away when you needed me to
i know baby yes i know i was wrong all along

and your still my love, my love, still my love
and your still my love, my love, still my love
everything changes from now and nothing will be the
same
i will be there for you cuz your still my love, my love,
still my love
