No one on the corner got swagga like me

That can say they unsigned doing shows over seas

No one on the corner got supports like mine

Don't know when my album drop but there already in  
line

They go

FRAN CIS CO (ooh)

I thought I told you

I was taken over

FRAN CIS CO

Oooooooooohh Press rewind I wanna hear it again

No one on the corner got a crew like I do

From Detroit to Puerto Rico you know how we gonna do  
(like)

No one on the corner can't say that I wont last

Cuz everyone knows I got so much swagga like that

They go

FRAN CIS CO (ooh)

I know I told you

That I was taken over

FRAN CIS CO

Oooooooooohh Press rewind I wanna hear it again

[Kanye West]

Mr. West is in the buildin',

Swagga on a hundred thousand, trillion.

'Ey yo, I know I got it first,

I'm Christopher Columbus, y'all just the pilgrims.

Thanksgiving, do we even gotta question?

Hermes pastel, I pass the dressing

My attitude is tattooed, that mean permanent

So I guess I should address it huh?

My swagga is Mick Jagger

Every time I breathe on the track, I asthma attack it.  
Why he so mad for, why he gotta have it?  
'Cause I slaved my whole life, now I'm the master  
Na na na...  
How it feel to wake up and be the shit and the urine?  
Na na na na na...  
Trying to get that coke number, one over Jordan

[Chorus - M.I.A. Sample]

No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us

[Jay-Z]

(No one on the corner) gotta bop like this,  
Can't wear skinny jeans 'cause my knots don't fit  
(No one on the corner) gotta pocket like this  
So I rock Roc jeans 'cause my knots so thick  
You can learn how to dress just by  
Checking my fresh,  
Checking checking my fresh  
Checking checking my fresh  
Follow my steps, it's the road to success  
Where the niggas know you thorough  
And the girls say "yes"  
But I can't teach you my swag  
You can pay for school, but you can't buy class  
School of hard knocks, I'm a grad  
And that all-blue Yankee is my graduation cap, it's  
Hova, dipping different rovers, whipping with the soda  
Hova could you even have any doubt that the doubting  
is over?

[Chorus - M.I.A. Sample]

No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us

[Lil' Wayne]

No one on the corner has swagger like moi, Church  
But I'm too clean for these boys

I require, what I desire, I got stripes, Adidas  
Mami scream "Papi no mas"  
Run up in your shit, just me no moss  
Runnin' this shit like I got four thighs  
None has swagger like these four guys.  
When it comes to styles, I got several  
Sharper than a swagger, dagger all metal  
And my jewels, blue and yellow  
Type of shit that make 'em call you Carmelo  
Rules as follows: stay true to the ghetto  
Write your name on the bullet make you feel special  
Ha, what the fuck you boys talking about?  
I know it's us 'cause we the only thing you talk about.

[Chorus - M.I.A. Sample]

No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us  
No one on the corner have swagger like us,  
Swagger like us, Swagger swagger like us

[T.I.]

You go see Weezy for the wordplay,  
Jeezy for the verbplay,  
Kanyeezy for diversity, and me for controversy,  
All my verses picture-perfect and they meant to serve a  
purpose,  
You ain't living what you kicking and you worthless,  
Looking from the surface it may seem that I got reason  
to be nervous  
Then observe my work and see that my adversity was  
worth it,  
Verses autobiographical, absolutely classical,  
Last thing I'm worried 'bout is what another rapper do,  
Ain't nobody hot as me  
Even if they rap they ass off blast, off and have  
outstanding qualities,  
Sell a lot of records I respect and salute that,  
But spitting real life on hot beats, I'm the truth at,  
You kick it like me, no exaggeration necessary,  
Living revolutionary, nothing less than legendary,  
Gangsta shit hereditary, got it from my dad,  
Flow colder than February with extraordinary swag
