Oho ho, dance dance, oho ho, dance dance  
Oho ho, dance dance, oho ho, dance dance

I know you're into me but I ain't trying to waste your  
time  
So don't worry, you'll be wasting mine  
I know you're looking for me, satisfied with the radio  
There's nothing you can do to turn me on  
Cause all I wanna do is get down  
Step to the music, it gives me all I need and more  
All I wanna do is, get down  
Get right to the music, it's all that I've been looking for

Oho ho, dance dance, oho ho, dance dance  
Got no time for no romance, kick off my shoes and let  
me dance  
Oho ho, dance dance, oho ho, dance dance  
Got no time for holding hands, just play my music, let  
me dance

I know you're watching me coming alive on the stereo  
Getting me high with the bass down low  
Ain't no, no stopping me, gonna get up till I can't get  
enough  
I know you've been dying to feel my touch  
But all I wanna do is get down  
Step to the music, it gives me all I need and more  
All I wanna do is, get down  
Get right to the music, it's all that I've been looking for

Oho ho, baby, oho ho, oooh yeah  
Got no time for no romance, kick off my shoes and let  
me dance  
Oho ho heeeheeee, oho ho, yeahea  
Got no time for holding hands, just play my music, let  
me dance  
Oho ho, dance dance, oho ho, dance dance  
Got no time for no romance, kick off my shoes and let  
me dance  
Oho ho, dance dance, oho ho, dance dance  
Got no time for holding hands, just play my music, let

me dance

I just want to play, don't need no man to make my day  
Let me have my way  
I just want to play, don't need no man to make my day  
Let me have my way, way  
Get right to the music, it's all that I've been looking for

Oho ho, baby, oho ho, oooh yeah  
Got no time for no romance, kick off my shoes and let  
me dance  
Oho ho heeeheee, oho ho, yeahea  
Got no time for holding hands, just play my music, let  
me dance  
Oho ho, dance dance, oho ho, dance dance  
Got no time for no romance, kick off my shoes and let  
me dance  
Oho ho, dance dance, oho ho, dance dance  
Got no time for holding hands, just play my music, let  
me dance.
