What glorious light  
wisdom without bound  
wrapt in eternal solitary shade  
The impenetrable gloom  
of light intense  
impervious inaccessible immense

And brought light to the gods and mortal man  
my abstinence and renunciation left his heaven to me  
you are a hero you are what is ten times more.

We're come from stars' cosmic nature  
now we are destroying the future

A real man  
everything is good  
inspired by love and wine

The light which is in me  
is now ablaze in me  
I come from the first chosen

What joy to breathe the scent of open air  
which die like the last rays of the sun  
no mortal man has lifted my veil.

I'm neither Muslim nor Hindu  
Non sono mussulmano n? induista  
nor Christian nor Buddhist  
n? cristiano n? buddista  
I'm not for the hammer  
non sono per il martello  
neither for the sickle  
n? per la falce  
and even less for the tricolour flame  
n? tanto meno per la fiamma tricolore  
because I'm a musician  
perch? sono un musicista
