I'm the song of winter, I'm the falling snow
Can't you hear me calling you whenever the north wind
blows
I'm the cool of evening, I'm the velvet sky
Can't you hear me calling you whenever the breeze
passes by

Oh, can't you hear me calling, oh, can't you hear my
love
Oh, can't you hear me calling you
For wherever you are, I am sending my love

I'm the misty rainbow, I'm a falling star
Can't you hear me calling you, my love is wherever you
are

Oh, can't you hear me calling, oh, can't you hear my
love
Oh, can't you hear me calling you
On the day you return, I'll be waiting, my love

I'm the song of winter, I'm the falling snow
I'm the cool of evening, I'm a velvet sky
I'm a falling star, I'm a misty rainbow.
