Strangers in a cold dark world  
looking for a hiding-place  
Running from the emptiness  
that slowly kills your mortal soul

Fly, fly, fly away with me tonight  
Fly, fly, fly away with me tonight

Say can't you see the meaning of life  
is it to be a face in the crowd?  
Say will you be a man of this world  
Play their game and look like a fool?

Hungry souls are waiting for  
a saviour to free their minds  
To bring them out of misery  
and feed their hearts with love and peace  
Fly, fly, fly away with me tonight  
Fly, fly, fly away with me tonight

Say can't you see the meaning of life  
is it to be a face in the crowd?  
Say will you be a man of this world  
Play their game and look like a fool

Fly, fly, fly away with me tonight  
Fly, fly, fly away with me tonight

Fly-want you fly -fly want you fly  
Run away with me tonight, run away with me tonight
