I turn away today
I look another way
Don't wanna see your pain
Because it hurts me so

You thought he loved you so
That was just another lie
Waist no more tears for him
He don't care anyway

Cry-cry-cry no more tears
Cause nothing change-nothing change
Nothing change today.
Cry-cry-cry no more tears
Cause nothing change-nothing change
Nothing change today.

Don't blame yourself my friend
Hearts can be fooled sometimes
Love is a mystery
Sometimes it hurts so bad
Time can heal a broken heart
But for now it's impossible
You have to let it go
And find yourself again

Cry-cry-cry no more tears
Cause nothing change-nothing change
Nothing change today.
Cry-cry-cry no more tears
Cause nothing change-nothing change
Nothing change today.

Cause nothing change
Don't cry for waisted love
