Someone somewhere maybe
feel the way you do.
Someone somewhere maybe
feel the way you do.

I do believe you are not alone
I do believe you are not alone

Everyday Everywhere
There is a man who bleeds inside
Everyday Everywhere
There is a man that cries in pain

I do believe you are not alone
I do believe you are not alone
you are not alone

Anyplace Anywhere desperation
live in someones heart
No one nowhere should ever
have to feel the way you do

I do believe you are not alone
I do believe you are not alone
you are not alone
