I believe my love will never die
I try to realize you're gone
Now heaven is your home
My world is dark and cold
I try to carry on, you're gone

I need you don't leave me now
Can't live without your love
Can't stop myself from
Trying to hold on
Trying to hold on
I need you don't leave me now
Can't live without your love
Can't stop myself from
Trying to hold on
Trying to hold on

I believe this thing feels so unreal
Standing by your stone, you're gone
Memories of days when you where
Here with me.
Never let them go, but you're gone

I need you don't leave me now
Can't live without your love
Can't stop myself from
Trying to hold on
Trying to hold on
I need you don't leave me now
Can't live without your love
Can't stop myself from
Trying to hold on
Trying to hold on

Hold on hold on
Don't fade away
Hold on hold on
I miss you so
Gold on hold on
Can't let you go
Hold on hold on

I need you don't leave me now
Can't live without your love
Can't stop myself from
Trying to hold on
Trying to hold on
