It's so hard to let go  
You're burning my soul  
I know you're no good  
I'm not in control

This experience, consequence  
It's eating me whole  
Digging deeper and deeper  
Into the unknown

I close my eyes  
While reality flies  
In darkness as it all unfolds

We've been here before  
Where's there's nothing in store  
As time bleeds away  
The red stains on the floor

I take 5 steps back  
Try my hardest to hold on  
It hasn't been that long

It's still so clear  
As the day that I died

The extremes that I take  
Try to stay awake  
Just to fall back asleep  
In this dream

Sink into bliss  
An abandoned abyss  
Where I turn back the clock  
Hide the silent screams

You've got me confused  
As to who's being used  
Deep in my skin  
You've been slowly crawling in

We've been here before

Where's there's nothing in store  
As time bleeds away  
The red stains on the floor

I take 5 steps back  
Try my damndest to hold on  
It hasn't been that long

I take 5 steps back  
Try my damndest to hold on  
It hasn't been that long

It's still so clear  
As the day that I died
